This Year the Chance.

For the first time in twenty years the Democratic party has a real chance of getting control of the Presidency, the U. S. Senate, and the Lower House of Congress. They may justly be held responsible for doing or not doing certain things, but for the past quarter of a century it has not been in their power to make a national law, and, therefore, cannot be justly held accountable for any existing national laws.

Read This Twice.

A great many members of the Alliance do not seem to know that the Third Party, in the platform, favors paying the Union debt at the difference between the value of the paper currency they were paid with and the value of gold at the time. In other words, if the soldier was paid \$1,000 in currency, which was worth only \$500 in gold, he should now be paid an additional \$500. This section is as follows:

It Will be Harrison.

The Republican party is widely split up as to who will be their nominee for President, but as it will be a great many years, they will have to swallow Harrison again. Harrison himself says that it is the responsibility of office-seekers who are creating the lobby against him, and those who oppose him say that it is the responsibility of office-seekers who are creating the lobby against him.

OUR Democratic State Convention

sent our delegates to the National Convention, and when the immense majority of Kentucky Democrats prefer Grover Cleveland as their first choice. "What does it mean?" is asked on all sides. It means that as much as Kentucky Democrats love Cleveland, they love the principle of their party better than any man, and, therefore, if the success of these principles can be more successfully presented under some other leadership than they are willing to forego their own for Cleveland or any other man. None are anything but Democrats.

Presidential Practice.

Philadelphia, Times: Blaine is known to be ailing, but the feeling is beginning to prevail among the friends that in case of the nomination being offered him he is not likely to go into a decline so soon as that of Mr. Cleveland.

Third Party Births and Deaths.

A Texas exchange has been looking over the history of Third parties for the edification of friends who have strayed with the People's Party, as called. Here is the list:

THE SEPARATE COIN BILL.

The passage of the separate coin bill is a great victory for the people. It will enable them to have a coin of their own, and it will be a great help to the people.
